We Appreciate Your Assistance

The State Singles and Doubles Tennis Tournament celebrates its 92nd year of competition in 2020. The tournament went to two classes in 1977. A separate structured Team Tennis format began in 1983. Prior to that, from 1929 through 1953, a “team championship” was determined by a Substate Tournament following the District singles and doubles competition. The sport has a glorious history which we continue to research.

Accordingly, with the assistance of coaches and media, we have expanded the information this book contains. While there is always more to do, we believe the athletes and the sport merit continued research and documentation of information and we will try to gather as much data as we can.

It is the goal of our publications to be accurate and complete. Please send updates, edits, or additions to at ccuellar@jahsaa.org.
