### Head Coach Information-

Teams playing the first game each day will be allowed access to the field 1 hour prior to game time.

You will have 30 minutes of guaranteed warm-up time. You do not have to leave the field prior to your game. UNI representatives will talk with head coaches regarding the time schedule.

Television format. There will be one 90 second timeout per quarter. This will be an official's timeout and not charged to either team. At approximately the 1 minute 15 second mark, teams will be told to head toward the field and at two minutes, the ball will be marked ready for play. The break between the 1<sup>st</sup> quarter and 2<sup>nd</sup> quarter and the break between the 3<sup>rd</sup> quarter and the 4<sup>th</sup> quarter will be 2 minutes in length. Each team will receive their three timeouts per half, with

each time out being 1 minute in length. The officiating crews have been told to hold your team on the sideline until the first whistle.

Halftime- All halftimes are scheduled for 12 minutes, plus the 3-minute mandatory warm-up period. Time will not be reset if both teams come out early due to media obligations. Locker Room attendants will be near your locker room if you desire to head back to your locker room. Visiting teams may stay in the garage door area, while home teams are free to stay in the hallway leading up to the WRC. It should not interfere with the normal halftime procedures, but you will be informed if the field is not ready for you for warm-up.

**Locker Room Assignments/Field Access:**

Team locker rooms are available approx. **2 hours and 15 minutes** prior to game time. You will not be guaranteed a locker room if you show up prior to this. You may share a locker room for some of your games so please be courteous to the other teams that are in there before and after you. You will get access at the start of the second half of the game prior to yours. **Home teams will share the Women's PE or Men's Athletic locker rooms, access the field via the PEC tunnel, and warm-up on the north end of the field. Your sideline will be on the East Side of the UNI-Dome.**

**Visiting teams will exit the WRC, go outside and access the field through the vehicle entrance of the UNI-Dome. Visiting teams will warm up on the south end of the field, your sideline will be on the West Side of the UNI-Dome. Visiting teams will share the Men's PE or Women's Athletic locker rooms.**

Team Photos- Same as 2022. We will be taking team photos during the semi-final round contests instead of the finals. We will need the home team to be ready 1 hour and 40 minutes prior to game time. The visiting team should be ready immediately after the home team has completed their photos. We will not be taking an actual team photo but will be taking individual photos of each player and coach which will then be created into a team photo.

Each team playing the **first game of the session** will be asked to line up on their respective 30-yard line approximately 6 minutes prior to kickoff for the National Anthem. For 8 player teams, this will be the 11-player 30-yard line as well. After the National Anthem, your captains need to be immediately ready to go to mid-field for the mock coin toss.

Each team playing the second, third or fourth game of the session will be required to be on the field approximately three minutes prior to the kickoff. There will not be a National Anthem prior to the second, third or fourth game of the session.

You can use your own Wilson GST footballs. The IHSAA will have Wilson GST footballs on site if needed.

The UNI-Dome recommends TENNIS SHOES ONLY be worn in the Dome. If removable cleats are to be worn, cleats with metal tips are prohibited.

No sunflower seeds are allowed on the sidelines.

Awards Presentation- After going through the congratulatory line, there will be an awards presentation. Please keep your players on the field.

No interviews on the field. Those will take place off the field in a specified area.

Film Exchange- There are platforms on the east side outside the press box for videotaping purposes. Endzone cameras are permitted in the **north** concourse area of the UNI-Dome. There is room for one individual from each school to set up their endzone camera and be in that area. There are to be no cameras located in the press box area, either the coaching rooms or the areas designated for press and media. There is also electricity for one extension cord.

The University of Northern Iowa will provide training services for all contests. Water will be provided for all contests. We will follow the NFHS and IHSA Concussion protocol and procedures. UNI trainers will work with school authorities regarding all injuries.

The University of Northern Iowa will provide coolers for each school to use. There will be at least two coolers on each sideline. If you have a mixture that you would like poured into the cooler, please contact the UNI training service. **Outside coolers will not be allowed into the Dome and on the sidelines.** We have had too many instances of teams dumping water coolers onto the coach which leads to additional time being spent to vacuum up that water prior to the next contest.

### **Athletic Director Information-**

If driving separately, have them meet at the Hall of Fame Connector/North McLeod Ticket Office entrance and enter at the same time. The National Anthem singer(s) and vocal director should report to the Pass Gate located at the Hall of Fame Connector/North McLeod Ticket Office entrance to receive complimentary admission. Andy Umthun will meet them on the Dome floor behind the south end zone to take them to the performers to the warmup area.

Coaches in the press box must have a sideline/press box credential.
